

# What is the International Circle of Faith?

What a journey God has taken us through in the last few years! Never would we have imagined that the International Circle of Faith (ICOF) would become a global fellowship of apostolic leaders. As a result, the question that has been asked, both verbally and nonverbally is, *“What is the International Circle of Faith?”*

The answer is:

***“The International Circle of Faith (ICOF), is a 21<sup>st</sup> Century movement of God, pursuing the restoration of the original apostolic message, authority, power and anointing around the world. ICOF has united over 40,000 churches representing 10 million constituents, 500 orphanages, several humanitarian aid organizations, 150 bible colleges, Christian Universities and Seminaries. Our goal is Unity - not further division. Our vision is to Unite Anointed Kingdom Minded New Testament ministers fulfilling the prayer Jesus prayed for the Church that we would all be One.”***

But, beyond all of that what is the ICOF? The ICOF is much more than that. It is difficult in just one article to answer the question, *“What is the International Circle of Faith?”* The ICOF is pastors working from sun up to sun down (and perhaps longer) laboring in the field, sharing the gospel, and doing the important things which make a difference in people’s lives. The ICOF is a place where women have the freedom to minister in their God called assignments without fear of reprisal. ICOF is ministers working together, ministers working with government, ministers working with the medical profession to make a difference and ministers working with the military. The ICOF is chaplains working to aid their fellow man. The ICOF is people committed to making a difference in people’s every day life with activities like drilling bore holes (water wells) in villages where there is no water for children.

The ICOF is education, hundreds of Colleges, Bible Colleges and Seminaries working together to train young ministers and to aid in advanced education to those already in the ministry. We are chancellors, regents, professors and other Christian education professionals working together to mold more informed ministers and lay people.

The ICOF is churches, church bodies, children, adults, music ministers, choirs, music, mothers, fathers, sisters and brothers. The ICOF is people just like you!

To be truthful, some days there is frustration. Some days there is great joy. Some days we wonder why we do it. Other days we want to quit. But at the end of the day we know that it is all worth it.

It may not have occurred to you that God’s plan for leaders for His people is already in place and that because you are reading this you are probably one of those that the mantle of leadership has fallen on. No one is going to lead for us. We have to be the ones who provide leadership. In either case, it is evident that as leaders we need each other.

It is time for leaders that are bankers to connect more with leaders who are carpenters, leaders who are doctors to connect with leaders who are athletes, leaders who are ministers to connect with leaders who are chaplains, etc. Let’s join together for a journey into bringing great unity to the body of Christ. The ICOF is a banner waving for the whole world to see that that JESUS CHRIST has set us free. The ICOF stands for spiritual FREEDOM.

That, my friends, is the International Circle of Faith! Come join with us! <http://www.icof.net>
